SURPLUS PURCHASE PROGRAM

OUR MISSION.

Here at Brandon and Clark, Inc. our mission is to provide our customers with the most cost effective and environmentally friendly solution for your surplus disposal needs.

In order to accomplish our mission, we have entered into an exclusive agreement with Shapiro Transformer Recycling an ISO 9001:2000 certified plant. This partnership allows us to represent and select scrap transformers, regulators and cable on behalf of Shapiro Transformer Recycling.

CASH OR CREDIT.

Because of our partnership with Shapiro Transformer Recycling, Brandon and Clark, Inc. can offer you very competitive "CASH" or "CREDIT" rates on your equipment.

TRANSPORTATION SERVICE.

Brandon and Clark, Inc will pick up the equipment at no charge to you. A trailer with a boom lift is also available, upon request.

For our current customers, your equipment can be brought back to Lubbock on their regular monthly route or on a day that's more convenient for you.

For new customers, please call to schedule an appointment for equipment pick-up.

READY TO SERVE YOU.

If you have any questions or concerns regarding our Surplus Purchase Program please feel free to contact us at:
